The terms on which the business of the said Treasury shall be conducted by the Branch of the Bank of Bengal are contained in the following—

AGREEMENT WITH THE BANK OF BENGAL.

MEMORANDUM of Agreement made the twelfth day of June in the year of our Lord 1862, between the Secretary of State for India in Council of the one part and the Bank of Bengal of the other part: Whereas by an Agreement bearing date the twenty-sixth day of September 1861, and made between the parties hereto, certain terms were agreed to, having for their object the transfer to the said Bank of the business of the Government Treasury at Fort William and the superintendence and management by the said Bank for the Government of India of the issue of the Government Paper Currency for the Circle of Issue of Calcutta; and it was thereby, amongst other things, agreed that if at any time during the continuance of that Agreement the said Bank should establish a Branch Office at any town or place other than Calcutta, and the Governor-General of India should offer to the Directors of the said Bank for the time being, and they should, on behalf of the said Bank, accept the business of Bankers to the Government of India for the district or locality within which such Branch should be established, then, and in every such case, the business so arranged to be taken up and performed by the said Bank should be carried on, under, and

subject to the provisions of that Agreement, and on the basis of certain Clauses cited in the margin thereof, being the third and fifth paragraphs of the Government Memorandum of the twentieth of March 1861, relating to the establishment of such Branch Banks, except in so far as the provisions of that Agreement, or of the said Clauses, might be modified or altered by any special Agreement which the parties thereto might enter into in reference to the business so to be carried on at the particular Branch Bank: And whereas the Bank of Bengal have established a Branch Bank at (amongst other places) Rangoon, and the Governor-General in Council has offered to the said Bank (who have accepted the same) the business of Bankers to the Government of India for British Burmah, and the terms on which such business shall be performed have been settled and arranged between the Governor-General in Council (acting in the premises on behalf of the said Secretary of State) and the Directors of the said Bank of Bengal: Now these Presents witness that for the purpose of carrying out the said arrangement, and in consideration of the payments and covenants hereinafter respectively mentioned and contained, and by and on the part of the said parties to these Presents respectively to be paid and performed, each of them, the said Secretary of State in Council and the said Bank of Bengal, doth and do hereby for himself and themselves, and his and their respective successors, covenant and agree with the other of them and their and his respective successors in manner following, that is to say:—

1. That the Bank of Bengal shall and will, from and after the time when and during the terms for which this Agreement shall come and continue in operation as hereinafter provided, keep up a Branch Bank at Rangoon and provide suitable offices and buildings in the Town of Rangoon in a situation as near to the Revenue and other Public Offices of Government at Rangoon as conveniently may be.

2. That from and after the day to be appointed by Notification as hereinafter mentioned, the business of receiving and paying money on behalf of the Supreme Government of India and the Chief Commissioner of British Burmah, respectively, heretofore transacted by the Deputy Commissioner of the said District of Rangoon, shall be carried on and transacted by the Branch Bank so established and to be kept up by the Bank of Bengal at Rangoon as aforesaid, subject to the provisions of this Agreement, and to such orders and directions with regard to receipts and payments as may from time to time be given to the said Branch Bank, or to the Bank of Bengal, by the Governor-General in Council, or the Chief Commissioner of British Burmah, or any of the Officers of the Government of India authorized in that behalf, and for the purpose aforesaid such account or accounts shall be opened in their Books by the said Branch Bank with the Government of India and the Chief Commissioner of British Burmah as the Government of India shall from time to time direct.

3. That from and after the day so to be appointed by Notification as aforesaid, the Cash Balance then in the Government Treasury at Rangoon shall be deposited with the Branch Bank at Rangoon, who shall also thereafter receive and hold for the said Government of India and the Chief Commissioner of British Burmah, respectively, and subject to the

orders of the said Government, and Chief Commissioner, respectively, all Monies and Balances which, but for these Presents, would have been received or held by the Deputy Commissioner of the District of Rangoon, and the said Branch Bank at Rangoon shall transact all such business for the Government of India and the Chief Commissioner of British Burmah, respectively, regarding the receipt, collection, payment, and remittance of Money and Securities and other matters as is usually transacted by Bankers for their Customers, or shall be *bond fide* required for the exigencies of the Government and for all Departments of the Public Service at the Station of Rangoon, and also all such business regarding the receipt, collection, payment, and remittance of Money and Securities for and on behalf of Officers in the different Government Departments as has heretofore been usually transacted by the Deputy Commissioner of Rangoon, and shall and will transact all such last mentioned business in such manner, in respect both of Government and individual Officers of Government, as may be, from time to time, required by the orders for the time being of Government, after due notice thereof given by the said Deputy Commissioner to the said Branch Bank.

4. That from and after the day appointed in the Notification aforesaid, the said Secretary of State in Council shall pay to the said Branch Bank the actual cost and expenses of packing and remitting Specie under the preceding Clause, and for which costs and expenses Contingent Bills shall, from time to time, be submitted to the Civil Pay Master of the Government of India for the time being, and be passed by him on approval, and shall further pay to the Bank of Bengal the yearly sum of one thousand nine hundred and thirty-two Rupees in full of all costs and expenses attendant on the maintenance at the said Branch Bank of the establishment of Clerks and Servants necessary for the carrying on of the said Government Banking Account and business at the said Branch Bank at Rangoon, and the Bank shall not charge any interest or commission on the said account, except under such arrangement as in the next following Clause mentioned.

5. That so long as the average Cash Balance for any month in the hands of the said Branch Bank at Rangoon shall not exceed the average amount of Rupees four lacs, the said Branch Bank shall be at liberty to use and employ such Balance, subject to the provisions of the Charter Act of the Bank of Bengal, or any future Act relating to the said Bank, and to appropriate the profit arising from such employment, without being charged with any interest in account.

6. That when and so often as the said monthly average Cash Balance shall exceed Rupees four lacs, the said Branch Bank shall forthwith set aside such excess or surplus in Cash, to be kept in a separate reserve, on account and subject to the instructions of the Government of India, or the Chief Commissioner of British Burmah, respectively, or shall, at the option of the Directors, and at the risk of the Bank of Bengal, invest such excess or surplus on account of the Government of India, either in the purchase of Government Securities or Railway Debentures guaranteed by Government in the name of the Deputy Commissioner of the District of Rangoon, or of such other Officer as the said Chief Commissioner of British Burmah shall, from time to time, direct,

7. That when and so often as the Cash Balance in the hands of the Branch Bank at Rangoon shall, on the taking of the monthly average, appear to have been less than the sum of Rupees two lacs, then, in addition to the profit which the said Bank may acquire by the employment of such Balance free of interest, an additional allowance or remuneration by way of compensation shall be made to the Bank of Bengal by the payment, by Government, of interest on the difference between the amount of the actual Balance of Government in the said Branch Bank, and the sum of Rupees two lacs, such interest to be calculated at the average rate of interest payable by the Public on fixed loans to the said Branch Bank during the month.

That all Returns furnished by the said Branch Bank to the Head Office of the Bank of Bengal, as also all Official Reports of the Bank's Inspector on the said Branch shall, at all times, be accessible to the Auditor appointed by the Government of India under Clause 5 of the General Agreement with the Bank of Bengal, hereinbefore mentioned and in part recited, and it shall also be in the power of the Government of India, and the Chief Commissioner of British Burmah, respectively, at any time, and as often as they may think fit, to cause the amount of Cash in reserve held on account of the Government, and the accuracy of the Government Balance in Cash or Securities, to be inspected and verified by any Officer duly authorized for that purpose, but not otherwise to interfere with the ordinary Banking operations carried on at the said Branch, and the report of such Officer, if such as to require on the part of the said Bank an explanation, shall first be laid before the Directors of the Bank of Bengal to enable them to furnish any explanation or further information touching any of the matters referred to in the report, and such report, together with the explanation, shall then be submitted to the Governor-General in Council, whose order, decision, or finding on such report shall be binding and conclusive on the said Branch Bank and the Bank of Bengal, respectively.

9. That the whole responsibility for any loss or damage which may result from, or arise in respect of, any error or mistake committed by the said Branch Bank or by any of its Officers or Agents in conducting the Government Banking business at Rangoon aforesaid, shall, as between

the Secretary of State for India in Council and the said Bank of Bengal, rest solely and entirely with, and shall be borne by, the said Bank of Bengal, who shall have no claim upon the said Secretary of State in Council for compensation or indemnity for or in respect of any such loss or damage.

10. FINANCIAL DEPARTMENT

No. 1182.

EXTRACT from the Proceedings of the Government of India, in the Financial Department, dated 5th July 1862

Read again Financial Resolution No. 3173, dated 13th March 1861.

Read an endorsement from the Foreign Department, No. 428, dated 29th March 1862, forwarding, for disposal, a letter from the Officiating Secretary to Chief Commissioner, Central Provinces, submitting a proposal for the introduction in those Provinces of a system of Banking with Collectors' Treasuries by Officers of the Public Works Department.

RESOLUTION.—In March 1861, this Government directed by a Notification in the *Calcutta Gazette* that the system of paying by Cheques be established, as a general rule, in all Departments of Government, unless strong special grounds could be shewn to justify an exception in any particular case.

A year after, the Chief Commissioner, Central Provinces, proposed to introduce in those Provinces the system of Banking with Government Treasuries by the Officers of the Public Works Department; and, with that view, Major Chesney, Inspector-General of Public Works Accounts, submitted to the Chief Commissioner a draft set of Rules.

The proposal was sanctioned in this Department on the 11th ultimo, subject to a Report from the Auditor-General of India as to whether the Rules framed had his approval.

The Auditor-General having since reported that the Rules are unobjectionable and well adapted to the object in view, the Governor-General in Council is pleased to approve of them.

ORDERED, that a copy of the foregoing Resolution, together with the Rules therein adverted to, be sent to all Departments, Governments, Administrations, and Residencies, with a request to the local Governments that they will submit

Report as to how far the system of Banking, sanctioned on the 13th March 1861, has been introduced generally.

Ordered, further, that a copy be sent to the Chief Commissioner, Central Provinces, the Auditor-General of India, and the Deputy Auditors and Accountants-General, Bengal, North-Western Provinces, Madras, Bombay, Punjab, Central Provinces, and Hyderabad.

No 114.

Ordered also, that the above Resolution and the following Rules be published in the *Calcutta Gazette* for general information.

(A true Extract.)

E. DRUMMOND,
Secy. to the Govt of India.

DRIFT RULES for the introduction of the Banking system by the Public Works Department with Government Treasuries

1. Cheques will be drawn as required by Executive Engineers upon the Officer in charge of the Civil Treasury, against the amount of their credit for the month with such Treasury, and such Cheques will be payable at the usual hours by the Treasury Officer.

2. All payments requiring to be made by an Executive Engineer in excess of Rupees 25 will be made by Cheques, but Cheques are not to be drawn for smaller amounts than Rupees 25.

3. Large sums, which it is necessary for the Executive Engineer to disburse to different parties under his immediate orders, such as the pay of Establishments, shall be drawn daily as required by Cheques.

4. With the exception of the small sums, that may be necessary to meet petty demands on any Executive Engineer, no cash shall be drawn beyond the amount to be paid away in each day. An Executive Engineer must make his own arrangements for the safe custody of any cash which he may have occasion to keep.

5. The Cheque will be of the accompanying Form, with a counterfoil to be retained by the Executive Engineer. The Cheque Book should be kept by the Executive Engineer, and no one but himself should have access to it.

6. No Cheque will be payable at the Treasury after the expiration of the month in which it is drawn.

7. Immediately after the termination of the month, the Executive Engineer will send to the Treasury Officer a Statement, as per the accompanying Form, shewing the Cheques drawn during the month. The Treasury Officer, after receiving this, will send to the Executive Engineer a note of the Cheques included therein, which have not been presented for payment, and which, therefore, have to be cancelled.

8. These Rules are to come into force from the 1st May 1862. The Public Works Controller is prohibited from passing any charges for Treasurers or Treasury Guards, after that date, except in such cases as may be specially sanctioned by the Chief Commissioner.

MILITARY DEPARTMENT.

Fort William, the 7th July 1862.

No. 684 of 1862.—It having been brought to the notice of Government, that instances still occur of Owners of houses, &c., in Military Cantonments either refusing or failing to keep the buildings in such a state of repair as to render them suitable for the purposes for which their erection was permitted, although the power re-

tained by Government* of resuming the ground on which they stand has been more than once exercised, the Right Hon'ble the Governor-General in Council deems it necessary to notify, for general information, that authority will be given for the resumption of the land in which the buildings so neglected are situated, whenever it shall appear that the Owners or their Agents have failed, although duly warned to cause the necessary repairs to be executed, and that inconvenience has thereby been caused to the inhabitants of the Station.

2. The value of the buildings as they stand shall in such cases be paid to the Owners, such

value being determined by a Committee of Arbitration, composed and convened as laid down in Government General Orders No. 179, dated 12th September 1836; No. 74, dated 10th April 1837; No. 154, dated 15th July 1840; and No. 174, dated 5th August 1840. The Owner or Agent shall however have the option of removing the materials within one fortnight from the date of the Committee's Report.

3. Non-residence on the part of Owners cannot be taken either as an excuse for the neglect of their property above adverted to, or as a ground for exemption from the operation of this order. Non-resident Owners should therefore cause either their own names and addresses or those of their Agents to be duly registered by the Officer in charge of the Cantonment Register, in order that no delay may occur in communicating with them when necessary.

REPORT

BY THE

DIRECTORS OF THE BANK OF BENGAL

FOR HALF-YEAR ENDING 30TH JUNE 1862.

Since the Directors last addressed the Proprietors, the contemplated changes in the constitution of the Bank, to which reference has been made in previous Reports, were carried into effect. On first March last the General Treasury was abolished, and the duties hitherto discharged by the Sub-Treasurer were undertaken by the Bank. On same date the Government Paper Currency was inaugurated, and the Bank's right of issue ceased. Simultaneously with the introduction of these changes the Bank's new Charter was put in operation, and additional Branches were opened at Mirzapore, Benares, Patna, and Dacca.

The scope and importance of these fundamental changes, the amount of compensation conceded to the Bank for the suppression of its right of issue, and the remuneration allowed for the discharge of special duties on account of Government, will be gathered from the following summary.

Under the Deed of Agreement executed on 8th October last, between Government and the Bank, it is provided:—

1st.—That along with the Cash Balance on hand, the whole of the business conducted by the General Treasury in respect to the collection, remittance, and payment of Money and Securities shall be transferred to the Bank.

2nd.—That the Bank shall, under all circumstances, during the subsistence of the Agreement, —a period of five years, be guaranteed in, and have the use of the Treasury Balance for ordinary Banking purposes to the extent of a minimum sum of Fifty Lacs.

3rd.—That when the Balance exceeds the above fixed minimum amount, the Bank shall have full power to use such excess for ordinary Banking purposes up to a maximum point of Seventy Lacs.

4th.—That the Directors, at their own discretion, shall be at liberty either to set aside in cash any surplus beyond Seventy Lacs, on account of Government, or, invest such surplus in Government Securities, Railway debentures bearing the guarantee of Government, or, in the discount of acceptances or other claims against Government. That the Bank shall be entitled to draw and apply the profits arising on such investments for their own use and benefit; but shall, on the other hand, be at all times answerable for the whole amount of the surplus balance beyond Seventy Lacs, when required by Government.

5th.—That a yearly payment of Rupees 13,600 (equivalent to the cost of the subordinate establishment of the General Treasury), in full of all costs and expenses, for the maintenance by the Bank, of the Establishment of Clerks and Servants necessary for carrying on the duties appertaining to the Treasury Department, shall be allowed by Government.

6th.—That the proceedings and business of the Bank shall, at stated periods, be patent to and subject to the examination and audit of a Government Inspector.

The magnitude and diversity of transactions connected with the management of the General Treasury will be apparent, when it is stated that a voluminous Statement duly vouched and containing details of individual payments and receipts of the Public Revenue classified under numerous heads of account is daily transmitted to the Accountant-General, and that the Bank is in correspondence and direct business relations with nearly two hundred District Treasuries spread over India. In addition to these duties the Bank further undertakes, on account of Government, the safe custody and general

Government
Currency.**

management of investments belonging to the Administrator-General, the Commissariat, the Civil, Military, and Medical Funds.

Relative to the duties falling to be discharged by the Bank under this part of the Agreement with Government it is conditioned,—

1st.—That an Agency of issue shall be established at the principal Office of the Bank, and that the Bank shall act as Agents of the Government in all things to be done under the Act XIX. of 1861, which establishes the Government Currency. That the Bank shall meet all demands for Silver in exchange for Notes, or Notes in exchange for Silver or in payment of Mint Certificates, and generally deal with the Government Currency as regards registration, re-issue, stoppage of lost or stolen Notes, as hitherto the Bank has done with its own issues. That the Bank shall likewise undertake the responsibility that may arise in respect of wrongful payment, through mistake, of forged, mutilated, or fraudulently altered Notes.

2nd.—That the Bank shall provide a separate strong room for the reception and safe custody of all Currency Notes, Coin, and Bullion belonging to the Issue Department; and also provide within the Bank a sufficient and convenient Office for the Department of Issue and the Head Commissioner of Currency.

3rd.—That for the duties so to be performed, the Bank shall receive a commission of three-fourths per cent. per annum on the daily average of Currency Notes outstanding and in circulation through the said Agency of the Bank.

As the Bank is the centre of all monetary transactions, not only for the Community generally, but for every Banking Institution in Calcutta, the Directors believe that the arrangements made for the management of the Currency by the Bank are not only acceptable to, but very convenient for the Public.

**The New
Charter.**

The Directors, with the view of adapting the New Charter to the altered circumstances in which the Bank is now placed, devoted much attention to its various provisions. The more important modifications adopted are—

1st.—An increase in the Bank's Capital to three crores, with power to the Directors when, and under such conditions as they may see fit, on due notice being given, to make the necessary calls on the Proprietors.

The Directors, however, while considering it prudent and expedient to possess the right of making an addition to the Bank's existing Capital, deem it proper to intimate that they do not anticipate being necessitated to make an early use of the powers conferred by the Charter.

2nd.—The conversion of shares and quarter shares at the option of the holders into stock, which may be transferred, divided, or held to any amount from Rupees 250 upwards.

3rd.—The abrogation of the provisions which fettered the discretion of the Directors regarding the amount of advances which might be made to Individuals or Firms—of the Clause limiting the amount to be invested in Government Securities—and generally of all special provisions regarding the management of the Bank's ordinary business. The Sections which prohibit the making of advances on the Bank's own shares, and on heritable or immovable property, are however retained.

4th.—For the use and convenience of the Bank's Constituents in the Agency Department, the New Charter empowers the Bank to draw Bills of Exchange and grant Letters of Credit payable out of India. Arrangements have accordingly been made with the Bank of England, Messrs. Coutts and Co., and the Bank of Scotland, who are now acting as the Bank's Correspondents in the United Kingdom. As, however, the requirements of the Bank in regard to the purchase of Bills of Exchange are thus necessarily limited, it is found practically, that the necessary amount of English Bills of Exchange is chiefly supplied by one of the Bank's own Branches. The business of the Bank being thus defined, and almost entirely localised, the Directors deemed it expedient to extend the sphere of the Bank's operations in India.

Branches.

With the co-operation of Government, and under conditions nearly similar to those which regulate the business relations which subsist between the Supreme Government and the Head Office, the Directors have already opened five Branches, and on the final determination of Government being known, are prepared to occupy the more important marts of trade in the Presidency which are still inadequately provided with Banking facilities. On the intention of the Directors to open a Branch at Dacca being made public, negotiations were originated which ended in the absorption of the Dacca Bank, established in 1846 with a Capital of Four Lacs of Rupees. The Directors, after a careful scrutiny of its affairs which they found to be successfully conducted, deemed it equitable and for the interest of the Bank, to effect a transfer of the business on terms considered mutually

advantageous. Under a provisional Deed of Agreement the Assets of the Dacca Bank were gradually liquidated, and the whole business has since been satisfactorily wound up. In exchange for their Capital of Four Laes, the Shareholders of the extinct Bank receive of the Bank's stock Rupees Two Laes ninety thousand nine hundred and nine.

Concurrently with the opening up of the country by Railways, and by means of a well organised system of Branches, the Directors anticipate that the difficulties which hitherto have stood in the way of extending a Note Currency throughout India will be materially obviated. Meanwhile, the Directors have to inform the Shareholders that the progress of the Branches already opened is on the whole encouraging and satisfactory. The Treasuries at Patna and Dacca have already been delivered over to these Branches; those at Mirzapore, Benares, and Rangoon are to follow on 1st August.

Turning to the operations of the Bank during the past half-year, the Directors have the satisfaction to announce that no bad debts have been sustained.

The nett profits on the Bank's ordinary business yield a dividend, free of Income Tax, at the rate of Rs. 11-11-5½ per cent. per annum. Adding thereto Rs. 2-4-6½, accruing from extraordinary profits as hereafter detailed, the Directors have resolved to declare a dividend at the rate of fourteen per cent. per annum, free of Income Tax.

With a view to meet the probable fluctuations in the value of the large sum now held in Government Securities—to give stability to the market value of the Bank's stock, and to enable the Directors to equalise future dividends, it has been deemed expedient to extend the existing Reserve Fund.

From the amount of the Bank's Notes still outstanding, the Directors have resolved to write off Ten Laes and carry the amount to Reserve Fund. Of the sum so disposed of, nearly Three Laes have been outstanding since 1837; upwards of Three Laes since 1843; and more than Two and a half Laes since 1854. Of the latest issues dated in 1858, there are still Forty-four Laes outstanding. The increased value of the Bank's investments during the past six months amounts to Rupees Four Laes sixty-seven thousand five hundred and ninety-six, fifteen annas and eleven pie.

This sum, along with the profits arising on the transfer of the Dacca Bank, have in like manner, been transferred to Reserve Fund.

After supplementing the half year's dividend—writing off the cost price of the Bank's Notes, and paying the Law Agents' charges for New Charter, Deeds of Agreement, &c., there remains a balance at credit of Reserve Fund amounting to Rupees Sixteen Laes forty-nine thousand seven hundred and fifty-six, eleven annas and one pie.

To adapt the Bank's premises to the increased business and the requirements of Government, a considerable addition has been made to the Building Fund. To equip the Bank thoroughly, further outlays must still be made.

By simplyfying the system of Book-keeping and re-organising the different Departments, it will be observed, that the Directors have hitherto been able to conduct the increased business at a comparatively small addition to the amount of the former establishment, a result which is mainly due to the zeal and exertions of their able Secretary and Treasurer.

Resolution.—The Government of Fort St. George apply for sanction to the grant of a gratuity of six months pay (Rupees 300) to

Mr. E. D'Souza, Head Clerk and Examiner in the Office of the Chief Engineer at that Presidency, on the grounds that Mr. D'Souza rendered efficient service in his Department, and that his services, after a period of eleven years and five months, were dispensed with in consequence of the abolition of the Proceedings and Collection Branch of the Chief Engineer's Office.

The Hon'ble the President in Council considers that such gratuities ought not to be given till the parties concerned have been full six months out of employ; but he desires that the Government of Fort St. George be informed that the application in question will be re-considered if Mr. D'Souza is not provided with another appointment within six months from the time of his discharge.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the Governments of Bombay, Madras, North-Western Provinces, and the Punjab, and to the Departments noted in the margin, with a request that the ruling therein contained, viz., that gratuities to discharged Public servants ought not to be given before they have been six months out of employ, may be considered to be of general application, and that it may be communicated to the several Administrations and Departments under their control.

Ordered also, that a copy of the Resolution be published in the *Calcutta Gazette* for general information and guidance.

The 11th July 1862.

Erratum.—In the Draft Rules for the introduction of the Banking System by the Public Works Department with Government Treasuries, published in the *Calcutta Gazette* of Wednesday, the 9th instant, page 2460, column 2nd, paragraph 5, second line, for *Counterfeit* read *Counterfoil*.

No. 696 of 1862.—With reference to Government General Order No. 399 of the 8th April 1862, the following Military Letter from the Right Hon'ble the Secretary of State for India, No. 209 of the 31st May 1862, is published for general information :—

MILITARY.
No. 209.

INDIA OFFICE ;
London, 31st May 1862.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE
GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—With reference to my Despatch of the 28th February, I have to inform you that, in reply to an enquiry addressed to the General Commanding-in-Chief, His Royal Highness has stated that the terms of the General Order forwarded with my Despatch above referred to, which exclude Officers of the late Indian Army serving in non-purchase Regiments of the Line from retirement on half-pay, cannot, in His Royal Highness' opinion, be modified without disadvantage ; but that the privilege of exchange from one Regiment to another, subject, in each case, to the approval of Her Majesty, on the recommendation of the General Commanding-in-Chief, is equally conceded to all Officers whether belonging to purchase or non-purchase Corps, on the understanding that they become liable to the Regulations of the Class of Corps to which they at any time belong.

2. I took occasion to impress upon His Royal Highness the importance of adopting every precaution that in cases of exchange there shall be no serious disparity of age between the Officers exchanging, nor any other circumstance calculated to render the arrangement prejudicial to the interests of the Indian Officers who may have joined the non-purchase Corps. I observed that these Officers have been accustomed to look to promotion by rising in their regular Regiments by seniority among a fixed body of Officers, and that, while the permission to exchange into a purchase Regiment will, doubtless, be looked upon by many as a boon opening up to them a wider field of employment, and a better chance of promotion, there were others who might feel their chances of promotion prejudiced by an exchange among their seniors, unless such exchanges were regulated with due regard to their interests and prospects of promotion.

3. In reply I am assured by His Royal Highness that the effect which the age and standing of incoming Officers would exercise upon the interests of Officers originally belonging to a Regiment, is always carefully considered before exchanges are sanctioned, and that particular attention will be paid to securing equality between Officers desirous of exchanging from purchase to non-purchase Corps.

I have, &c.,

MILITARY.

No. 488.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE
GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Consequent on the recent alteration in the organization of the Indian Artillery and Engineers, the number of Lieutenant-Colonels and Lieutenants in those Corps has been somewhat altered. It has therefore been necessary to re-arrange the number of Officers in the abovementioned ranks who are to draw the higher and the lower rate of pay. Bearing in mind the proportions laid down in Lord Stanley's Despatch No. 139, dated 21st April 1859, the following numbers have been fixed, viz.,—

BENGAL.

Higher. Lower.

Artillery.

Lieutenant-Colonels	...	12	7
Lieutenants	...	112	56

Engineers.

Lieutenant-Colonels	...	12	3
Lieutenants	...	48	24

MADRAS.

Artillery.

Lieutenant-Colonels	...	12	4
Lieutenants	...	64	32

Engineers.

Lieutenant-Colonels	...	8	2
Lieutenants	...	32	16

BOMBAY.		
<i>Artillery.</i>	Higher.	Lower.
Lieutenant-Colonels	... 9	8
Lieutenants	... 48	24
<i>Engineers.</i>		
Lieutenant-Colonels	... 8	2
Lieutenants	... 32	16

2. Since this Despatch was drafted I have received your Military Letter No. 257, dated 17th October last, on this subject. It is only necessary I should state in reply that I approve the decision at which you have arrived that, in calculating the proportion of Lieutenant-Colonels and Lieutenants of Artillery who are to receive the pay of Major and Second Lieutenant respectively, seconded Officers are to be kept out of view, and the proportion reckoned as though the Officers seconded were casualties.

3. The seconded Officers will be allowed the rate drawn by the Officers severally below them on the List.

I have, &c.,
(Sd.) C. Wood.

20. You rightly suppose that my Despatch No. 488 of 31st December last, was inaccurately copied. The number of Lieutenant-Colonels in the Bengal Artillery to draw the higher rate of pay should have been twenty-one and not twelve, and the number of those of the same rank in the Bombay Artillery to draw the lower rate of pay should have been three and not eight.

FORT WILLIAM, THE 11TH JULY 1862.

THE Governor General in Council has received with profound regret the intelligence of the decease of EARL CANNING, Her Majesty's late Governor General and Viceroy of India, which melancholy event took place in England on the 17th of June.

His Excellency in Council feels convinced that the whole Community of this Country will unite with him in deploring the untimely death of this eminent Statesman, whose life, although he survived to quit these shores, has but too surely fallen a sacrifice to his devotion to the interests of India.

All will be sensible of the greatness of the loss which India sustains in the removal of one whose ripe knowledge and experience so well fitted him to give valuable counsel and assistance to Her Majesty's Government and Parliament on questions affecting the welfare of this great Country.

The Governor General in Council directs that the Flag of Fort William shall be lowered to half-mast high during this day, and that Twenty-one Minute Guns be fired at sunset from the Fort, the last Gun to be fired and the Flag to be dropped as the sun sets.

His Excellency in Council also directs that the same marks of respect shall be shewn at the other Seats of Government in India.

By Order of the Governor General in Council,

E. C. BAYLEY,
Secretary to the Government of India.

WEDNESDAY, JULY 16, 1862.

HOME DEPARTMENT.

No. 3488.

Fort William, the 14th July 1862.

Notification.—The following Rules, which have been prescribed by the Secretary of State in Council of India, under the provisions of the Acts XXIV. and XXV. Vic., Cap. 104, Section VI., in regard to the salaries, furloughs, retiring pensions, and expenses for equipment and voyage of the Chief Justice and Judges of the High Court of Judicature for the Bengal Division of the Presidency of Fort William, are published for general information.

Regulations by the Secretary of State in Council of India, under the provisions of XXIV. and XXV. Vic., Cap. 104, Section VI., respecting the salaries, furloughs, retiring pensions, and (where necessary) expenses for equipment and voyage of the Chief Justice and Puisne Judges of the High Court of Judicature for the Bengal Division of the Presidency of Fort William.

Salaries.

The Chief Justice shall be paid a salary of Company's Rupees 72,000 per annum, each Puisne Judge a salary of Company's Rupees 50,000 per annum, such salaries being payable only in India.

Furloughs.

A furlough for the period of one year, with an allowance of £1,000, payable by quarterly payments, shall be allowed to the Chief Justice and to each Puisne Judge of the High Court, after seven years actual service as Chief Justice, or Chief Justice and Judge, or Judge of the said Court.

2. Judges of the High Court, selected from the Covenanted or Uncovenanted Service, shall have their furloughs and leaves of absence governed by these Rules only so long as they remain Judges of the High Court.

3. The furlough granted under these Rules to a Judge selected from the Covenanted Civil Service shall be exclusive of the furlough to which such Judge is entitled under the Rules applicable to furloughs allowed to Members of such Service.

4. If a Judge of the High Court selected from the Covenanted Civil Service, who has not taken his furlough under the Rules applicable to his

branch of the Service, before his appointment to the High Court, shall take such furlough within one year after the expiration of his furlough under these Rules, the furlough taken by him as Judge of the High Court shall be reckoned as so much time of his furlough under the Rules applicable to the Covenanted Service, and the amount drawn by him shall be adjusted with reference to such Rules by deductions from the allowances payable to him as a Civil Servant on furlough.

5. A Chief Justice or Puisne Judge, during his absence on furlough, shall retain his office, but such furlough shall not be reckoned as actual service in calculating the period of service entitling the Chief Justice or Puisne Judge to a pension.

6. Leave may be granted by the Governor-General in Council to the Chief Justice or to any Puisne Judge of the High Court, under Medical Certificate, for a period not exceeding six months; and such Chief Justice or Puisne Judge, during his absence, shall ret in his office, and shall, on his return and resumption of his duties, receive half his salary for the period of such absence; but if his absence shall exceed six months, his office shall be vacated.

7. Leave of absence under the last preceding Clause shall be reckoned as actual service in calculating the period of service entitling the Chief Justice or Puisne Judge to a pension.

8. If a Chief Justice or a Puisne Judge of the High Court shall be absent at any one time for a period exceeding one year, his office shall be considered to be vacated.

9. The "short leave on private affairs" provided for by Sections XII. and XIII. of the existing Covenanted Civil Service Leave Rules shall be held applicable to the Judges of the High Court.

Retiring Pensions.

A Chief Justice, after an actual service of twelve years as Judge of the High Court, of which at least six shall have been in the office of Chief Justice, shall receive a pension not exceeding £1,500 per annum.

2. A Puisne Judge, on the same terms as to length of service, shall receive a pension not exceeding £1,200 per annum.

3. A Chief Justice or Puisne Judge, compelled to retire on Medical Certificate after seven years actual service, shall receive a pension not exceeding one-half the amount of pension allowed for the full period of service.

4. In the event of a Judge of the High Court, selected from the Covenanted or Uncovenanted Services, receiving a pension under these Rules, he will not be entitled to any pension or retiring allowance under the Rules applicable to Covenanted and Uncovenanted Servants respectively.

5. When a Judge of the High Court, selected from the Covenanted or Uncovenanted branches of the Civil Service, is permitted to retire before completing the full period of service entitling him to the pension of a Judge of that Court, he shall, on retiring, receive such a pension as he would be entitled to under the Rules applicable to Covenanted and Uncovenanted Servants respectively, reckoning the period during which he shall have served as Judge of a High Court towards his time for such pension.

6. Provided, however, that if a Judge of the High Court, selected from the Covenanted or Uncovenanted branches of the Civil Service, shall be compelled to retire on Medical Certificate after seven years actual service, he shall be allowed the option of taking his pension or retiring allowance either under these Rules, or under the Rules applicable to the Service to which he belongs.

7. A Judge of the High Court, selected from the Covenanted Civil Service, shall be required to continue his subscriptions to the Civil Annuity and Civil Service Funds.

Expenses of Equipment and Voyage.

For the purpose of defraying the expenses of equipment and voyage from England, there shall be allowed to a Chief Justice the sum of £1,000, to a Puisne Judge £800. But such allowance shall not be made to any person appointed to the office of Chief Justice or Puisne Judge, who, having been in India, may be, at the time of his said appointment, in the United Kingdom, with the intention of returning to India.

THE foregoing Rules will not apply to the Judges who have been transferred to the High Court from the Supreme Court, who will be however at liberty to avail themselves of the privileges as to furlough, if they assent to the periods of service prescribed by the Rules, to qualify for the pension of a Judge of the High Court. Nor will the Rules respecting salaries affect those Judges of the late Sudder Court who are at present in receipt of higher allowances than Rupees fifty thousand per annum.

By Order of the Governor-General in Council,
E. C. BAYLEY,

Secy. to the Govt. of India.
